Coaching Staff

Lefty's Coaching staff is comprised of professional, adult coaches. The same coaches who offer private instruction work hand in hand with Lefty's Sports Academy to offer the best training environment for your players.

All Lefty's coaches have the ability and the experience to help players reach their full potential in hitting, throwing, pitching and fielding all positions.

Clinic Format

Clinics are offered for different age groups, ranging from tee ball to high school.
During our clinics, our professional coaches will work with players in every aspect of the game. Whether it is in our pitching or hitting specific clinics, or our "all around clinics" players will work in small groups to optimize the learning environment. Groups will always be broken down by player ability.

What To Bring

All Clinics will begin promptly on their designated date and time. All players should arrive on time so not to take away from the progress of the clinic. Players should bring their bats and glove. **Helmets must be worn during hitting segments.** Cleats are not permitted; sneakers are best for indoor turf. Please have your child's name on all belongings.

Location

Fall, Winter, and Spring Clinics will be held at our indoor turf facility. The training area can be used for fielding, hitting, and speed and agility drills.
